b) Change of Address/Name of Applicant 更换申请人名称或地址  
(including government fees) 此费用包括缴付官方费用 \$250

B. Procedure for applying trade mark registration 商标注册申请的程序

I. A word, logo or both, which is distinctive, can be applied for trademark registration.  
任何具显著性的文字、图案或文字加图案的标记均可申请注册。

II. An availability search is usually recommended to find out whether there is any similar or identical filed/registered marks which may bar your application. After the search, the filing of the mark will be applied in the specified class with up to 10 designated goods or services. There are totally 45 classes. The fees for trademark application is for 10 years and the trademark could be renewed every 10 years.  
申请前查询的作用是找出类似或相同并对申请有影响的已申请/注册的商标。查询后再分类为最多十项指定物品或服务，总共有 45 类。费用为有效期十年。之后可在到期日或之前，续期十年。

III. After the filing of the application, the Registry will examine the mark in the application. If the application fulfills the requirement, then the application will be granted by the examiner and the Registry will require the applicant to advertise the trademark. If no opposition to the application is filed in 1-3 months time, the Registry will grant the application and issue the certificate. The time span from filing to obtaining a trademark will normally take approximately 12 to 24 months.

提交申请后，商标注册署审查员会对申请作出审查。如申请合乎商标法条例及没有抵触其他注册或已申请注册的商标，注册署会发出公告许可证及列明商标获准注册所须遵办的条件。如在公告日期起计之 1-3 个月内没有人提出反对，申请人将于 12 至 24 个月后便可申领注册证书。

1. It is important to note that all figures given above are estimates rather than strict quotations, and are representative of our typical current charges on ordinary cases of ordinary complexity. The cost will be higher if, in carrying out the work, more time is required than is here anticipated, or if any additional matters or points arise. The estimates are based upon the information that is presently available. We cannot guarantee the estimates for obvious reasons.

一切数字/金额只作参考。

2. Time Requirement-It normally needs 12-24 months for smooth application.所需时间：大约 12-24 个月（一般情况）

3. For payment in US dollar(USD), please divide the amount by 7.7 and round up to the nearest dollar. (e.g. HKD 3000 in USD →  $USD(3000/7.7) = USD 390$ ).如付美元，请以兑换率 1: 7.7 计算。（例：港币 3000=美元  $(3000/7.7) = 390$ ）

备注:以上中英文对照版本的一切数字/金额只作参考。
